One Man Killed, One In Serious Condition, In Highway Collision

One man is dead and another is in serious condition in the Didsbury Municipal Hospital as a result of a head-on collision on the main highway directly east of here Saturday night at approximately 9:30 p.m.

Robert Kirkman of Edmonton was fatally injured when his car collided with a northbound oil tank truck. A passenger with Kirkman, William Arthur McClure, also of Edmonton, is in serious condition in hospital but is expected to recover. The truck driver, Andy Deere of Calgary, was uninjured.

Coroner Dr. Epp presided over an inquest at 3 p.m. Sunday at which the body was viewed and released for burial. The inquest was then adjourned to a later date. Those on the jury are: A. Brusco, foreman; John Folkman, J. Tuggle, A. Esler, C. Alden and M. Wood.

A sidelight to the accident pointed out Tuesday was the need for an ambulance service in Didsbury. The injured man now in hospital had to be transported there in the back of a light truck.

Police reports say the wrecked car of the victim was left at the fatal spot overnight and in the morning it was discovered someone had stolen all five tires from the vehicle.

GAS VOTE TAKES PLACE

A vote of the proprietary electors of the Town of Didsbury will take place Monday, September 8, on whether or not a gas franchise should be granted to the Canadian Western Natural Gas Company for the supplying of natural gas to the town.

Place of voting will be the Town Office and the poll will be open from 10 a.m. until 7 p.m. Mark your ballot with an "X" opposite your choice.

Melvin W. I. Sees Rug Demonstration

The August meeting of the Melvin W.I. was held in the Melvin hall with a good attendance when the local group was hostesses to about 26 members of the Zella and Rugby institutes. For roll call many good canning ideas were given.

Mrs. L. Fischer, local hostess, read an interesting article entitled "The World Must Have Dreamers."

Misses Viola McNaughton and Mary Lou Hoesgood favored the ladies with a couple of rags and Mrs. A. Walcott read several comic items. These were followed by a short song.

The main feature of the afternoon was a rug demonstration by Mrs. Buckley which was greatly appreciated by all present. This winter we'll all be carpeting our floors with beautiful rugs made of rags and left overs and hubby had better hang on to his good sweaters and underwear, too.

The serving of lunch ended a very pleasant and interesting afternoon.

Mr. and Mrs. Ed Weber are spending a few days with Mr. and Mrs. H. Fischer. On Monday they visited with Mr. and Mrs. John Kershaw.

Miss Marie Kershaw of Calgary spent the holiday weekend with relatives at Didsbury.

Mr. and Mrs. Eddie Krebs of Vancouver and Mrs. Ethel Allan, Joan and Marion, of Cambs. Wash., visited with relatives at Didsbury for a few days this month.

Mr. and Mrs. Arthur Land of Thanesford, Ont., are visiting at the Youngs' home. Geo. Youngs is Mr. Land's uncle. On Sunday Mr. and Mrs. Geo. Youngs, accompanied them to Edmonton where they visited briefly with the Lepards, returning on Monday.

On Monday evening Mr. and Mrs. A. Land were guests of Mr. and Mrs. L. Fischer.

Mr. and Mrs. H. Farrant of Rosedale, B.C., are visiting relatives at Westerdale and renewing acquaintances in the district.

C.P.R. TRAIN TIMES AT DIDSBURY

NORTHBOUND:

No. 521—(flag stop) 1:10 a.m. daily
No. 523—Daily except Sunday, 11:32 a.m.

No. 525—Daily at 6:21 p.m.

No. 527—Daily "Esquimo" 10:00 a.m. (stops only on flag on Sundays)

SOUTHBOUND:

No. 522—Daily 4:46 a.m.

No. 524—Daily 12:46 p.m.

No. 526—Daily except Sunday, at 5:00 p.m.

No. 528—Daily 6:21 p.m. (stops on flag on Sundays only).

MAILING LIST CHANGED

This week the mailing list of The Pioneer was brought up to date. The label on your paper gives you the date your subscription is due for renewal. Please advise us of any errors or omissions and an early settlement of arrears would be appreciated.

School Opening Set Back to Sept. 15

It was decided last weekend that school doors in the Olds School Division would not open until Monday, September 15. Following the pattern set by Calgary and other points in Central and Southern Alberta, it was thought the postponement of two weeks was in order due to the current polio epidemic.

Although there have been no cases of polio in our immediate area, instances of the disease are not on the wane in other parts of the province and, during the holiday weekend, six more cases were admitted to hospital in Calgary.

Parents are reminded of the preventive measures published in last week's issue of this paper, some of which we reproduce below:

1. Polio is a communicable disease—so avoid crowds, restrict children to small neighborhood groups.

2. A tired child is more susceptible to the disease and if polio develops, a greater degree of paralysis is likely to follow.

3. Swimming is dangerous because it will cause fatigue and is chilling.

4. Watch your personal hygiene—be sure to wash your hands before eating and after using the toilet.

5. Where the disease is prevalent avoid removal of tonsils, adenoids and teeth.

Over 80 per cent of cases recover completely.

Maintain the following standards of sanitation:

A. Wash dishes thoroughly.
B. Wash fruits and vegetables.
C. Cover garbage and waste material.

D. Control sewage—Outdoor toilets should be dusted daily with ashes or chloride of lime.

RED & WHITE STORE CHANGES HANDS

This week the Red & White store in Didsbury changed owners, as Mr. C.M. Carter of Torrington took over from G. H. Burke.

Mr. Burke, who has owned and managed the store for the past four and one-half years, will continue as manager for the present.

Mountain View W. I. Holds August Meeting

Mountain View W.I. held its August meeting at the home of Mrs. David Pratt, with nine members and eight visitors present. Roll call was answered by "How I Store My Vegetables."

The study of the W.I.'s blue handbook was led by Mrs. Annie Booker. Mrs. Winnie Bittner gave an interesting report on the Farm Women's Week held at Olds.

The topic on Canadian industries was ably given by Mrs. Annie Booker. Five dollars will be sent to the Frank Chaffin fund sponsored by the Olds Elks.

Mrs. Francis Pratt won the ten cent draw and Mrs. J. Worrall the button-guessing contest.

The next meeting will be held at the home of Mrs. H. Roberts on September 18, with a pot luck lunch.

A pleasant afternoon ended with the serving of lunch by the hostess.

WESTCOTT NEWS

Mr. and Mrs. Bernal Elnhart entertained at dinner on Sunday last and among those present were the former's uncle and aunt from the United States and his parents, Mr. and Mrs. Clarence Elnhart of Didsbury.

The sympathy of the community is extended to Mr. and Mrs. Gordon Befus in the sudden passing of their wee son last Thursday. Mr. Befus is well known in our district as he is the man who fixes our telephones.

Mr. and Mrs. Herbert Goeljen took daughter Deloyce to school last Thursday on business. Deloyce has been informed that she will be teaching Grade 9 students and possibly some subjects in grade 10 this year at Eckville when school reopens for the fall term. Incidentally Eckville has had one case of polio just recently.

Frost was reported here on Monday morning and at the Otto Folkman farm on the Dog Pound creek it got really cold, just 22 above at 5 a.m. However, for all the lowering temperatures within the last few days most gardens show very little damage so we do consider ourselves lucky but wonder, with all the standing green crops, how long this can continue. Today most farmers were busy cutting after seeing snow flakes this past weekend. The mad rush is on, hoping to beat the weather man.

Mrs. Herbert Goeljen accompanied Rev. and Mrs. E. B. Fox of Didsbury to Sundre on Saturday last when Rev. Fox officiated at the Betcher-Yanson nuptials. Mrs. Goeljen was the soloist and Mrs. Fox her accompanist on this happy occasion.

Deloyce and Marjorie Goeljen were among those present at the shower held for their cousin, Lois Goeljen, on Saturday afternoon at the Wilfred Owens home in the Jackson district.

Mr. and Mrs. Ted Topping and family were Sunday dinner guests with the former's brother and family, Mr. and Mrs. Chas. Topping.

Mr. Chas. Brown and Mrs. Lena Sanderson spent Sunday in the Drumheller district and brought home Mrs. Sanderson's daughter, Eunice, who had been holidaying with friends there.

Mr. and Mrs. Bill Weidner are home from their holiday spent in the States and at the west coast. Over-night guests on Sunday evening at the Herbert Goeljen home were daughter Elaine Goeljen and Robert Burke of Calgary, and L. Johnson of Olds.

Word has been received that Mrs. Templeton is slightly improved from her heart attack. Mrs. Jacobsen, her daughter, flew out to Vancouver the first of last week to be with her.

Mr. Lorne Cousins suffered another attack of illness and was put back in the Didsbury hospital on Sunday.

This new and charming portrait study of Princess Anne was made for her second birthday anniversary. In a serious mood, she holds the crystal watch held by her mother when photographed at the same age. The youngster observed her Aug. 15 anniversary at Balmoral Castle in Scotland.

BIRTHS AT DIDSBURY HOSPITAL

To Mr. and Mrs. Peter Penner, Didsbury, a daughter on August 27.

To Mr. and Mrs. L. C. Good, Carstairs, a son on August 30.

To Mr. and Mrs. Stan Coleman, Cremona, a son on August 30.

To Mr. and Mrs. W. E. Walroth, Crossfield, twin boys on August 31.

There were among those present at the shower held for their cousin, Lois Goeljen, on Saturday afternoon at the Wilfred Owens home in the Jackson district.

Mr. and Mrs. Ted Topping and family were Sunday dinner guests with the former's brother and family, Mr. and Mrs. Chas. Topping.

Mr. Chas. Brown and Mrs. Lena Sanderson spent Sunday in the Drumheller district and brought home Mrs. Sanderson's daughter, Eunice, who had been holidaying with friends there.

Mr. and Mrs. Bill Weidner are home from their holiday spent in the States and at the west coast. Over-night guests on Sunday evening at the Herbert Goeljen home were daughter Elaine Goeljen and Robert Burke of Calgary, and L. Johnson of Olds.

Word has been received that Mrs. Templeton is slightly improved from her heart attack. Mrs. Jacobsen, her daughter, flew out to Vancouver the first of last week to be with her.

Mr. Lorne Cousins suffered another attack of illness and was put back in the Didsbury hospital on Sunday.

No Election Till After Coronation

Prime Minister Louis St. Laurent was definite Monday, as he passed through Calgary that there would be no Federal election prior to the coronation of Queen Elizabeth II next June, but left the hint there may be one in the Fall or late Summer of 1953.

The Prime Minister, en route to British Columbia on a speaking tour, said in an interview that the date of the coronation "is a fixture we can't change" and the period before that would be filled with the business of Parliament.

"There is always the possibility of an election," he stated with a smile, "but as to the probability, that is another thing."

TOLL MOUNTING IN CANADA

Canada's Labor Day weekend took a total of 65 lives from Friday night to Monday midnight. Four persons were reported missing.

With reports still incomplete, there were 34 traffic deaths, 17 drownings with four missing and 12 fatalities from other causes.

Last year's total was 53 deaths of which 31 were traffic and 11 drowning.

In the U.S., the accident toll spurred to 474 deaths—371 on highways.

Memorial Arena Clear Of Debt

The Board of Management of the Didsbury Memorial Arena is proud to report that the debt on the arena has been entirely cleared. The sponsoring organizations and the many others who donated time and money for this project are to be commended for a job well done.

It is only to be regretted that there are still some young vandals who do not appreciate what the community has done in building for them one of the finest arenas in Western Canada. As in past years, this summer has again seen over 30 panes of glass deliberately smashed. An odd type of thanks, to say the least.

However, the community as a whole, may be proud of its success in finally clearing the project of all debt.

Harvesting In Full Swing In All Areas

Harvesting in the Didsbury area was delayed last Friday by very cool weather followed by rain and some snow west of the Dog Pound. However, weather cleared Sunday and Monday morning farmers were again at work cutting crops where they are ripe. The fine weather continued Tuesday and harvesting is now general in the district with some fine stands of grain falling to the binders and swathers.

Weather reports Tuesday were for showers and cooler temperatures on Wednesday and it is hoped the weatherman is a little off beam.

Some light frost was reported in the district Monday morning, but it was not severe enough to damage grain or gardens to any extent.

According to the crop report issued by the Alberta Pacific Grain Co. Ltd. on August 30, harvesting has made excellent progress in Alberta from the U.S. border through Fort Macleod to Hanna and east to Saskatoon. Thirty percent of the wheat is cut, 50 percent of the oats, 55 percent of the barley and nearly all the rye. An average of 15 percent of the oats have been threshed, 10 percent of the wheat, 35 percent of the barley and 85 percent of the rye.

In the rest of the province cutting and swathing has made good progress with some wheat 50 percent cut, and barley up to 50 percent completed.

PRE-ELECTION TAX CUTS IN 1953

Present indications are that the federal government will reduce taxes substantially in the 1953 pre-election budget.

Having budgeted for a surplus of only \$20,000,000 for the entire year, the announcement that the surplus for the first two months amounted to \$211,000,000, without benefit of the new tax rates that went into effect July 1, has again aroused the charge by its critics that the government is collecting unnecessary taxes, a detrimental factor in a pre-election period. This and the fact that the electors have indicated that the tax relief handed out this year in the form of lower excise taxes wasn't enough, has had the effect that the government, itself, feels impelled to cut taxes even if it means cutting defence appropriations before the election.

The best informed Ottawa correspondents of leading newspapers have reported that the Cabinet is under heavy pressure from its party in Parliament to slash taxes and revise the defence program downward. The demand has resulted from the recent by-election defeats and to a lesser degree from the two provincial elections in British Columbia and Saskatchewan.

Lester B. Pearson, minister of external affairs, apparently alarmed by these developments, recently delivered at Calgary a blunt speech of warning against any relaxation of Canada's defence. He said: "As our collective security grows, we should recover a sense of security. I would warn you, however, that there is no occasion whatever for relaxing our efforts or for any form of complacency. This is no time to lean on our arms. The armed forces and equipment of the Soviet Union and its satellites are mighty and are increasing. The disproportion between their forces and the readily available in the West remains serious. No gap has been closed."

Water from a swollen tributary, the aftermath of disastrous flash floods, pours down a hillside, hitting the resort town along England's southwest coast. Furniture and battered cars, deposited there by the raging Lyn River, lie near one of the resort hotels. The weekend floods made the town's main street a torrential watercourse that almost washed the picturesque vacation town on the south coast into the sea.

Sugar beet acreage in Alberta this year totals 36,800, as compared to 32,595 last year. Sugar beets are grown in the vicinity of Lethbridge, refining factories being located at Raymond, Picture Butte and Taber.

O.S.A. Notes

Old School of Agriculture
and Home Economics

Rain on August 29 interrupted the well-advanced harvest of field crops on the School of Agriculture farm. Newall barley, sown August 26 and 27, will yield over 60 bushels per acre. The first swathing of Laramie oats, on August 20, will yield well. The balance of oats and green feed will be cut within 10 days of favorable weather.

Main crops are Newall barley and Laramie oats, grown for feed purposes. No wheat is grown. Newall is a smooth awned variety that yields consistently high. Laramie matures early and produces an excellent sample of grain.

Hay is stored in good condition and in greater quantity than for a number of years. The mixtures of grass, clover and alfalfa were handled with a forage harrower and blown into stacks, mows and silos. Because of success with grass silage last year, silos are filled again with cut forage. Walter Ross, farm manager, is experimenting with stack silos built by blowing cut green hay into page wire frames.

A layer of dry cut feed was placed around the outside of the one stack to see if it would prevent spoilage; no outside covering was used on the other stack.

The grass-legume mixtures, with brome as the main grass and alfalfa as the main legume, is the main source of roughage. Some oats are grown as green feed to insure against feed shortage when hay crops are short.

July and August provided excellent weather conditions for summer-fallow operations. There was ample moisture to make the weeds grow while periods of dry weather made eradication possible. Some grassland is broken each year and the summerfallow is kept to a minimum.

Canadians bought 28,979 television sets during the first 10 months of 1951.

CHRISTIAN SCIENCE

The proposition that man is not the helpless victim of circumstances but able to choose his own destiny, will be expounded Sunday in Christian Science churches. The topic of the Lesson-Sermon will be "Man," and it will contain this statement by the Apostle Paul in one of his letters to the Corinthians: "Not that we are sufficient of ourselves; but our sufficiency is of God." (2 Corinthians 3: 5). And this encouraging assurance from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The understanding of his spiritual individuality makes man more real, more formidable in truth, and enables him to conquer sin, disease and death." (p. 317).

FORMER DISTRICT RESIDENT PASSES IN BRITISH COLUMBIA

Mr. Richard Hugh Taylor of Ladner, B.C., passed away in hospital there recently at the age of 72, after a long illness. Mr. Taylor, who was a gardener, lived in this district for some time before moving to B.C. a few years ago.

He is survived by his wife and four sons, Robert, of Penikese; William, in England; Gordon, of Olds, and Jack of Ladner; four daughters, Mrs. R. Dunkley of Victoria, Mrs. L. B. Holmes, Mrs. D. Hardy and Mrs. H. Price, all of Ladner. There are 14 grandchildren.

A private funeral service was held in the chapel of the Delta Funeral Home with Rev. N. J. Crees officiating.

A "prairie jigger" is a device whereby Manitoba fishermen hang a gill-net under the ice during the winter fishing months.

WHAT CAN IT COST YOU?

Next Monday, September 8, the ratepayers in the town of Didsbury will vote on whether or not a gas franchise should be granted to the Canadian Western Natural Gas Company for supplying natural gas locally.

Facts and figures have already been given in the columns of this newspaper as to cost, inconvenience and advantages.

Plans submitted by the gas company reveal that the whole of the town of Didsbury will be served by natural gas. The cost of digging the ditches, supplying and laying the pipe up to the property line will be borne by the company. From there it is the responsibility of the owner.

The pipe line will be located in the lanes rather than the streets of the town when practicable. It has been agreed that as little damage as possible will be done in the execution of the work. And the gas company will restore the lanes and streets as nearly as possible to their former state and do maintenance on them for a period of two years.

The By-law to be presented requires a two-thirds majority. Should this majority be achieved it will be necessary for the town and gas company to make application to the government of the province of Alberta for an Act validating the agreement.

It has already been pointed out that the charges for natural gas in Calgary is 32c per 1,000 cubic feet. An average house in the same city uses about 180,000 cubic feet per year, which amounts to approximately \$57.00 per year. The price at Didsbury will not be known until construction of the line has been finished, but it has been estimated that it will be between 45 and 50 cents per 1,000 cubic feet. Figure it out. It would be the same as buying coal around \$10.00 per ton.

It is quite apparent that natural gas for Didsbury is not available at the present time. However, prospects are more than bright that this district can produce the supply required.

It is difficult to conceive why anyone should vote against such a forward step, especially when the cost is so low.

The town of Didsbury will have no debentures to pay, nor will the ratepayers have any franchise tax charged against their property.

The vote takes place next Monday. Be there, and vote "Yes" for progress.

WHO WINS . . . ?

We have often wondered just who, if anyone, wins a strike. We are inclined to think that everyone — the striker, the employer and certainly the consumer — is in the long run the loser.

A strike is something like a war; neither side really wins.

In the loggers' strike in British Columbia, for instance, which ended recently after some 45 days, it has been estimated that each day of the strike cost the employer a million dollars while for each day the strikers lost half a million in wages. Only strikers with families received strike relief. Who pays for the cost of the strike and for the increase in wages (much less than was demanded) won by the members of the union? Ultimately, the consumer pays all.

That's why every citizen of Canada has a stake in every strike; that's why differences between unions and employers should be settled as far as possible by negotiation before, rather than during, a strike.

Even when strikers gain everything they demand, it may take them a long time to recover wages lost during the strike period. It looks as if strikes are just "bad medicine" for curing economic ills.

At a time in history when apparently only the strength of democratic nations is warding off a worldwide war, it seems to us that strikes may be regarded as economic "sabotage". In addition they do not help out the cost of living situation which affects every Canadian citizen.

Fight For War Veterans' Allowances Increase Needs Your Loyal Support

From time to time the Canadian Legion meets in convention and passes resolutions based on its accumulated knowledge of the needs of veterans and their dependents.

These resolutions are presented to the responsible government officials by the Dominion president of the Canadian Legion, the executive council and the Dominion headquarters staff. In many instances such representations are sufficient to convince the government of the need for the legislative changes requested.

When the Legion asked for the thirty-three and one-third increase in pensions payable under the Pensions Act last year, however, it was found necessary to ask each of the commands, branches and members to actively support the request by interviewing the members of the House of Commons in their constituencies and explaining to them carefully the Legion's case for increased pensions.

Thanks to sincere co-operation, to the democratic system of government and to members of all parties, the thirty-three and one-third increase was granted.

The Legion is again faced with a problem that requires the attention and action of all Legion members. The case for a reasonable rate of War Veterans' Allowances and higher permissible income ceilings is very pressing, and one that must be seen through to a successful conclusion in the interests of aged or disabled veterans who must rely partially or wholly on War Veterans' Allowances for their livelihood.

It is the intention of the Dominion president of the Canadian Legion to present another brief on War Veterans' Allowances to the government when parliament reconvenes.

CROP PROSPECTS ARE GOOD prepare now for that Winter trip to the Old Country

FOR BETTER SPACE Always book early

After November 1st the special low Winter return fares by plane will be available.

Example return fares	
Calgary to Shannon	\$619.55
" to Glasgow	\$637.55
" to London	\$671.75
" to Copenhagen	\$750.05
" to Düsseldorf	\$728.25

Similar low fares also available to other cities in Europe. Leave Canada today — be there tomorrow

FOR PLANE RESERVATIONS

to any city in Canada, U.S., Europe, Australia, etc., contact our office. We are agents for all Airlines, including T.C.A., BOAC, K.L.M., Dutch Pan American World Airways, Scandinavian Airline System and others.

THIS WINTER YOU MAY ALSO take advantage of the 1/2 fare family plan on Domestic trips.

GOOD BOAT SPACE AVAILABLE on all fall and Xmas sailings. Special Xmas sailings to England, Norway, Sweden, Denmark. For good cabins, book now. A small deposit will hold space.

DUE TO THE CORONATION on June 2nd, 1953, all boats and planes will be taxed to the limit; if planning a trip next spring and summer, you should list for space without delay.

OUR OFFICE ARE AGENTS for Cunard, Canadian Pacific, Holland American, United States Line, French, Italian, Norwegian, Swedish, Danish and others.

LET THE EXPERIENCED TRAVEL AGENT

arrange your trip, at our office you pay nothing extra yet we help you obtain all travel papers, reservations.

OR PLAN FOR A WINTER CRUISE

to South America, Mediterranean, Hawaii, West Indies. It is a necessity to make preliminary arrangements now.

PREPAIDS ARRANGED

for immigrants by Air or Boat, also from Germany, Italy, China, etc.

EVEN IF YOU LIVE OUT OF TOWN

we invite you to write us, all bookings can be arranged through mail.

ONE WAY ONLY !

The Alberta government nets the tidy profit of \$12,000,000 a year from liquor taxation and yet places a ban on advertising this product in newspapers. This sounds like an "I win, you lose proposition."

DRIVING COST HIGHER ON DIRT

A study shows the per mile cost of driving on a paved road is just one half that of driving on dirt. It costs 3.8 cents per mile on a paved surface, 4.5 cents on gravel and 7.5 cents on dirt.

Divide Your Dollars With Your Neighbor

Everybody has a certain amount of civic pride — that sort of pride which helps make a village a town, and a town a metropolitan city.

The growth of any community is dependent upon the support given its citizens. If you fail in your co-operation, your town either stands still or goes back.

If you uphold your town by sustaining it wholeheartedly you help yourself and the community. Buy at home! Be neighborly with your dollar. Divide your dollars among your merchants and others who have the interests of Didsbury at heart. Help them and they will help you to greater values — for increased volume means decreased costs.

DIDSBURY needs your support and you need the support of the town. Let's get together and share our dollars for a mutual prosperity.

NOTES

W.K. Snyder,
Field Supervisor

Temporary Grain Storage: With a bumper grain crop and storage at a premium this fall, every effort will have to be made to accommodate threshed grain and protect it from the weather. Temporary storage may be constructed by using snow fence or woven wire. This should be lined with some strong, tough material that will contain the grain. "Fibreen" paper or any good vapor barrier paper is quite satisfactory. Where woven wire is used the interior will need to be lined with canvas, jute sacks, straw or sheaves. A 50-foot length of fencing will make a bin about 16 feet in diameter.

It should be kept in mind when lining this storage bin with paper that it should not be too continuous length, but should be cut in about 10-foot lengths and overlapped sufficiently to allow for expansion. Grain should be delivered to the center of this storage area so that the pile rises evenly along the walls. Care should be taken to see that the paper is snug against the fencing as the grain fills the storage space.

STORING GRAIN
ON THE FARM

Farmers will store a good deal of grain on their farms for some considerable time before it can be hauled to country elevators for sale. The following advice is rendered by Dr. H. E. Gray, head of the stored products insect investigations, Dominion department of agriculture, Ottawa.

A granary with a wooden floor above the ground is best for farm storage, and several small granaries are better than a large one for long term storage. If "tough" damp weed-infested grain must be stored, keep it in small bins and market it first. Carry out the following procedure:

1. Repair leaky roofs, window and doors to exclude rain and snow. If the granary floor is concrete, cover it with moisture-proof paper.
2. Clean walls and floors thoroughly. Sprinkle a little hydrated lime over the floor and sweep it about to fill all cracks.
3. If insects or mites were present last year, coat the inside walls with whitewash containing one-quarter of a pound of lye per gallon.
4. Fill the granary to the plate only. Ample space between the grain surface and the roof must be provided for ventilation.
5. Open bins or piles are risky. If available, place on well drained ground or two or three feet of straw. Piles should be uniform cones.

Blonde and blue eyed Marilyn Delores Reddick, 18, of Agincourt, Ont., was crowned as "Miss Canada" of 1952. A panel of eight judged the contestants on appearance, poise, talent, and intelligence. The customary bathing suit saunter down the runway was ruled out this year. Instead, the girls wore full length evening dresses. Miss Reddick won a \$1,000 scholarship, an expenses paid trip to the Coronation of Queen Elizabeth II, and Canada's ticket to the Miss America contest in Atlantic City.

It Might Have Been

The Dominion bureau of statistics recently issued its estimate of grain production in Canada. The total works out to about 1,446,000,000 bushels of grain for the nation and 1,302,000,000 bushels for the prairie provinces.

In the years when the speculative system of grain marketing was in full swing, the announcement of such enormous production would be calamitous. If past experience is any criterion, markets would "nose-dive" and farmers would go into the harvest season with worried brows.

In past years farmers always disliked to hear estimates of record crop production. They knew what such news stories would do to the market. Last week's government estimates, however, did not cause a ripple of excitement among farm people. They know that the Wheat Board initial price has been fixed and support levels, even although they are quite modest, are in effect on oats and barley.

It is past experience that has caused the majority of grain producers in Western Canada to cling to the Wheat Board. In the plebiscite held in Manitoba last autumn, 67 per cent of the eligible farmers voted, 89 per cent in favor of the Wheat Board marketing their oats and barley.

You Are A Reporter

We often hear from various organizations in the district that they had a meeting and there "wasn't anything in the paper about it." We suggest to all organizations that they appoint press representatives. These representatives will have only one organization to account for.

The columns of this paper are yours for the asking. Send us the news of your doings and they will be published. We like to get all the news and we also like to sleep once in a while. Co-operation from press representatives is the only way to assure that some association or organization is not left out of the publicity picture.

Is There a Diesel Tractor
for Every Farm Job?

Yes, Oliver and only Oliver makes all its models with Diesel Power

What are the sizes?

The Oliver "60" (two plow), the "77" (two-three plow), and the "88" (three-four plow). Row crop or standard models.

Will I save by buying a diesel?

Yes, but the amount depends on how much you use your tractor. . . the more hours you work it, the more an Oliver Diesel saves. It burns about 6 gallons of fuel where a gasoline engine burns 10. . . cost-per-gallon is roughly half. Ask your Oliver dealer . . . he knows the figures for your locality.

Does it have as much power?

Yes. Oliver Diesels have the same horsepower rating as other Olivers in their class. They burn fuel slowly, start easily in cold weather, take heavy loads hour after hour.

Is the power as smooth?

With an Oliver, yes. Oliver gives you smooth, six-cylinder performance in the "77" and "88" . . . four cylinders in the "60".

Do I get all the Oliver features?

Every one! Features include: Six forward speeds, Grouped controls, Direct Drive Power Take-Off, "Hydra-lectric" implement control, easy-riding Oliver seat.

How can I tell if a diesel is best for me?

See your Oliver dealer. He knows how fuel costs compare . . . knowing how much you work your tractor, he can tell you whether the fuel savings make the diesel your best buy. Remember, your Oliver dealer is strictly impartial . . . he sells tractors for diesel, gasoline and L.P.-gas. His only interest is to see that you get the very best power for your farm operation. See him soon!

DIDSBURY NEWS**MOUNTAIN VIEW**

The Young People's Service on August 31 at Mountain View United Missionary Church was conducted by the May City Youth Fellowship. The program included vocal and instrumental numbers and a children's story. Rev. L. Torgerson, May City Pastor, gave the topic, "Meekness." The Mountain View Young People expect to return the visit.

Last Sunday visitors with Mr. and Mrs. Arthur Gebers were Mr. and Mrs. Andrew Hansen, Mrs. Wollen and Howard, Mr. and Mrs. Goldfeldt and family, Mr. and Mrs. Harvey Stahl, Mr. and Mrs. Wilbur Eckstrand, Mr. and Mrs. Dexter Williams and twins, Mr. and Mrs. Robertson, Albin Hansen and Ella Jans. Mr. and Mrs. Mac Wood, Mrs. M. Wood, Mrs. Blair Forbes and Valeria and Pat Wood visited last Thursday evening with Mr. and Mrs. James Worrall.

Birthday dinner guests Sunday with Mr. and Mrs. Joe Hunter and boys on Jimmie's seventh birthday, were Mr. and Mrs. Sam Elliott, Jean, Joy and Robert, Mr. and Mrs. George Clarke and Carol, and Mr. and Mrs. Lawrence Hunter. Afternoon visitors were Mr. and Mrs. Harold Swanson and family and Pete Kopykwyj.

Sunday evening visitors with Mr. and Mrs. Harold Shultz and children were Mr. and Mrs. Joe Solochum, Sharon and Gerald of Calgary, and Mrs. O. C. Christensen of Acme.

Mr. and Mrs. Eugene Durrer and Richard of Calgary spent the Labor Day weekend with Mr. and Mrs. Walter Pratt and family.

Mr. and Mrs. Charles Brado and family had as their dinner guests recently Mr. and Mrs. Jack Kershaw, Mr. and Mrs. Henry Sportell, Mr. and Mrs. Elmer Rands, and Shirley and Brian Shantz.

Mr. and Mrs. Nemen of Calgary visited recently with Mrs. Charles Pratt.

Mrs. Gus Olson is visiting with Mr. and Mrs. Charles Pratt for a few days following her release from hospital.

Mrs. Nell McKay has returned after visiting at the coast. Mr. and Mrs. Paul Hanson and friends of Calgary were dinner guests Monday with Mr. and Mrs. Joe Hunter.

Mr. and Mrs. Sid Morasch and boys and Mrs. Morasch's father were Saturday visitors with Mr. and Mrs. Stewart Tighe.

WEST NOTES

Mr. and Mrs. Elwood Scott and Mr. and Mrs. A. L. Hogg spent Friday evening at the home of Mrs. O. Krebs.

Deepest sympathy is extended to Mr. and Mrs. Gordon Befus in the loss of their wee baby boy who passed away last Thursday morning.

Mr. and Mrs. Roy Brown and family of Calgary visited over the weekend with Mr. K. Korschuh.

Mr. and Mrs. G. Mullen spent Sunday afternoon with Mr. and Mrs. O. Thompson.

Mr. and Mrs. Crozier of Edmonton spent the weekend with friends in the district, coming down to see the latter's father, Mr. F. Byrt, who has been a patient in the Didsbury hospital for the past month.

Word was received recently from Mrs. D. Gillies Sr. who is in Victoria. She plans to be back some time in September.

Mr. and Mrs. O. Thompson spent Sunday evening with Mr. and Mrs. A. L. Hogg.

Mr. and Mrs. R. Constable of Calgary visited over the weekend with Mr. and Mrs. L. Papke.

Mrs. Hosegood Sr. was taken to the Didsbury hospital last Thursday when she fell and injured her hip. We are glad to report the hip was not broken.

With a slight frost in this district Sunday night, harvesting is in full swing and weather providing, a lot of grain will be in stock by the weekend.

Mr. A. Luft Sr. of Calgary is helping his son with the harvest.

NOTES FROM D.A.

HUGH McPHAIL

I recently sent in a sample of spruce damaged by insects. This is the report I received:

"The sample of spruce which you submitted to us contained a 'nest' caused by the feeding of a sawfly caterpillar, belonging to the family Phamphiliidae. There were no caterpillars left in the nest when we examined it, but the small brown articles are the frass left from their feeding."

"There was a spider with many young crawling about the twigs but it would not be causing the injury. It was not what is commonly known as the red spider."

If these are the insects that are doing the damage, stomach poisons should be sprayed on the leaves, such as arsenate of lead.

When I saw the spiders in the nest I thought it would be the red spider, which does often damage spruce trees.

Many Manitoba Maples are damaged this year, all through this district. The top leaves are very small and curled. I have sent samples to Indian Head and inquired of our own horticulturist. The only explanation given so far is the suggestion that 2, 4-D may have been the cause. If it is the fumes have traveled a long way in some cases.

SOCIAL CREDIT VICTORY IN B.C. "POLITICAL PHENOMENON"

The story behind the Social Credit party's capture of the British Columbia legislature is told by B.C. writer Mac Reynolds in the current issue of Maclean's Magazine. Reynolds calls the election, held in late spring, "a political phenomenon unequalled in Canadian history."

Much of the credit, he says, goes to "a short, middle-aged man with a loud tie, a mouth creased down at the corners and a permanent five o'clock shadow" — the Rev. Ernest George Hansell, president of the Social Credit Association of Canada.

Old line parties dismissed Hansell as "a Bible-thumper from the prairies, a funny-money man, a fanatic, a flaming evangelist, an anti-Semite and a Fascist."

But despite the fact that the party went to the polls without a leader it "nosed out the C.C.F. and administered the worst drubbing in provincial history to the Liberals and Progressive Conservatives."

"Hansell," says Reynolds, "sewed up the B.C. hinterland with a twist of thread of religion and red-hot electioneering." He often hitchhiked from one speaking engagement to the next. But he sold his listeners many of them dissatisfied with the current government — on Social Credit.

Reynolds sees a determined drive for Social Credit leadership in the federal field. The victory in B.C. is to Hansell "missionary work . . . a skirmish." "Sooner or later," writes Reynolds, "there will be another political vacuum to fill."

ASK THE MEN

Mary had a little cash,
She kept it in her hose;
And everywhere that Mary went
Her hand she laid "th-sh-sh-sh!"
So Mary took it to the bank
And there she wisely hid it;
Which brought her far more
Interest . . .
Or did it?

LITTLE ITEMS OF LOCAL INTEREST

Mr. and Mrs. A. B. Dyck left Tuesday to take up residence at Chilliwack, B.C.

In renewing his subscription to the "Pioneer" Mr. Hartley Anderson of Hamilton, Ontario, wishes to be remembered to friends in the district. Mr. Anderson organized and started the rural mail delivery routes in Didsbury in 1914.

—Due to police restrictions Miss Helen Swalm has postponed commencement of her piano class from September 8, as previously announced, to October 5.

Mr. Clarence Johnson, son of Mr. and Mrs. B. W. Johnson of Didsbury, and Miss Madeline Allister McDonald of Vancouver were united in marriage at the United Church manse, Pincher Creek, August 16. Rev. R. M. Moriarty performed the ceremony. The newlyweds spent their honeymoon at Waterton Lakes Park and the northern United States.

Mr. and Mrs. Wendel Gochee and Mr. and Mrs. Wilbert Fyten returned Saturday from a two week motor trip through Idaho, Washington and B.C. points.

Mrs. Frank Emery of Acme is spending this week with Mr. and Mrs. Will Skerry.

John Wright and his crew are making good progress on the new cement sidewalk on main street and weather permitting should complete the first block this week.

—Mrs. Cutler wishes to announce she will resume her Music Classes in Piano, Vocal, Violin, Hawaiian and Spanish Guitar Saturday, September 6. For particulars phone 169, Didsbury.

Mr. Sam Devine has accepted a position as traveller for a Calgary wholesale house and left Tuesday to commence his new duties. He will continue to manage his business here and the family will continue to live in Didsbury.

SAYS GOVERNMENT HOGGING CEMENT

Winnipeg retail lumbermen said here that no Canadian cement has been delivered to Western Canada retailers for a month.

The lumbermen said the situation had been bad all summer but now is "impossible." Shortages of Canadian cement meant they had to obtain imports at a higher cost with a resulting increase in construction costs.

All Canadian cement now is used for government defence contracts, the lumbermen said. Some dealers said in view of the shortage of Canadian supplies, duty on imported cement of eight cents a hundred-weight should be reduced.

BONUS FOR SAFETY?

A bonus for accident-free drivers in the form of a lower insurance rate gets general approval, at least in principle, from respondents to a question by the Financial Post. But some doubt was expressed as to whether such a scheme is generally practical, principally because responsibility for an accident is so frequently in doubt.

One insurance company head says his firm has such a scheme operating for its customers in Quebec and the Western provinces, but this is limited to drivers' experience with that particular company. His suggestion that the enormous amount of paper work involved would make this impractical if applied to all companies is backed by another insurance executive. This respondent points out that in any one year only 10 per cent of all drivers have accidents involving third parties and one, two or even three accident-free years mean little; the average accident-free period is ten years.

Other respondents suggest more vigorous court action and penalties to curb the careless driver.

MUST PUSH WHEAT SALES

A record crop of wheat this year may bring marketing troubles. In the previous record year 1928, there were serious difficulties because we were reluctant to accept world prices.

One thing is sure. We are going to have to push sales and push them hard if we hope to move this big crop. We are going to need every possible market throughout the world. Can we hope to carry out this big job with the present marketing machinery?

Can we hope to do it with no open market, with the regular and experienced trade excluded and all marketing in the hands of a government monopoly?—The Financial Post.

Grain production in Ontario this year is estimated at 142.3 million bushels, as compared with 104.7 million harvested last year. The wheat output totalled 19.7 million bushels and oats 82.2 million.

LATE CLASSIFIED

FOR SALE — Oil Burner Unit for cook stove. Phone 1010.

Mr. and Mrs. Bill Jenkins and sons of Edmonton visited Monday with Mrs. E. Jenkins and Mr. and Mrs. Dave Jenkins.
